i.e taxguard meets modern business demands

i.e. taxguard Ltd has been providing personal tax services since 1918 to individuals throughout the UK and overseas. Over this time our systems have been developed to be highly flexible and at the same time, providing a very flexible workflow process in order to ensure we are able to deliver our services on time, each and every tax year.

In 2004 we moved part of our operation offshore and ever since have enjoyed the benefits that this has brought to our business.

We firmly believe, that well executed & designed outsourced services, can breathe new life into any organisation that decides to work in this way.

Why i.e. taxguard Ltd

With our experience of dealing with clients, our understanding of efficient process modelling and our flexible systems, we feel we are well placed to help other professionals increase their business horizons. Why do we believe this, here are just a few reasons:

- **We understand client demands**
- **Able to efficiently meet those demands**
- **To provide highly cost effective solutions**
- **We are a Partnership driven organisation**
- **Already working with some of the largest UK organisations**
- **Provide a flexible platform for our clients/partners**

In essence we believe that success can only be truly created by working with like-minded professionals and creating an environment where all parties WIN.

Our Outsourced Tax Compliance Service

Our Outsourced Tax Compliance service has been specifically design to meet the ever-changing needs of fellow professionals.

In this ever-changing world of legislation, reducing time scales and increased client expectations, organisations need to know they can draw on flexibility, to meet ever changing needs.

Our Tax Compliance service provides any elements of the processes that go into achieving the output of a personal uk tax return (SA100) and we are happy to provide part or all of these elements to suit your business needs.

What our service provides

- **Digitising client documents**
- **Data input/import**
- **Notification of missing information**
- **Chasing/Obtaining missing information**
- **Client phone calls**
- **Reviewing/Auditing output**
- **Electronic supply/FBI of final tax return**
- **An agreed SLA (Service Level Agreement)**
- **Online monitoring facilities**
- **Detailed management information**
- **Guarantees**

We will work with you to establish not only the most appropriate process but also the most cost effective solution, for you and your business.

You will also have a dedicated Partnership Account Manager here at i.e. taxguard, to ensure the set up and future operation of your services works smoothly and meets your needs.
